

**2022 SUMMER STUDY PROGRAM  
16 SPOTS ONLY**

**EQUINE STUDIES IN SCOTLAND**

*We provide the means, you create the experience.*

**4 Week Summer Program:  
June 19 - July 16, 2022**

Available exclusively through Adelante, this 4 week program is a unique international opportunity for animal science majors, veterinary students or anyone interested in equestrianism.

Study in the countryside just outside Edinburgh at the Oatridge Campus of Scotland's Rural College (SRUC), home of the Scottish National Equestrian Centre. The Centre has one international class indoor arena, a six furlong all weather gallop and an extensive acreage of good riding country. The centre annually hosts a British Eventing one-day-event.

Take courses in **Equine Anatomy & Physiology** and **Equine Fitness**, while gaining practical experience working with horses. In addition to classroom instruction, students will be involved in practical and hands-on experiences, with the opportunity to discover equestrianism 'British' style, and experience both classical and English riding skills. Fully transferable, sealed college transcripts provided upon successful completion of the program. Earn up to 6 college credits this summer!

Also included is an educational program of visits to several of the main cultural sites of Scotland.

"This program was amazing, from being able to get hands on with the different horses to being able to travel around Scotland any chance we could. The fitness class was a really interesting class that I couldn't have gotten anywhere else."

**Emily, University of Missouri**

"I loved that this program offered opportunities to not only learn new subjects but to also experience a different culture. All of the tutors here were informative, fun, and helpful. I loved being able to ride in addition to our scheduled class time."

**Lauren, Colorado State University**
