PAST CANDIDATE REVIEW

"This program was absolutely amazing. The veterinary clinic I was placed in was so welcoming and passionate. Every single day I spent in the clinic was filled with valuable learning experiences. It allowed me to fully immerse myself in the everyday life of a practicing veterinarian. Furthermore, all of the staff were happy to divulge their experiences handling various cases and answering any questions I may have... I would highly recommend this program to anyone who is interested in pursuing a degree in veterinary medicine as it offers a brilliant opportunity to observe and learn." - Mia (McGill University)
