

## 2026 EQUINE STUDY ABROAD IN **SCOTLAND**

16 SPOTS ONLY

MAY 31 - JUNE 27, 2026

Available exclusively through Adelante, this 4 week program is a unique international opportunity for animal science majors, veterinary students or anyone interested in equestrianism.

Study in the countryside just outside Edinburgh at the Oatridge Campus of Scotland's Rural College (SRUC), home of the Scottish National Equestrian Centre. The Centre has one international class indoor arena, a six furlong all weather gallop and an extensive acreage of good riding country. The center annually hosts a British Eventing one-day-event.

Take courses in Equine Anatomy & Physiology and Equine Fitness, while gaining practical experience working with horses. In addition to classroom instruction, students will be involved in practical and hands-on experiences, with the opportunity to discover equestrianism 'British' style, and experience both classical and English riding skills. Fully transferable, sealed college transcripts provided upon successful completion of the program. Earn up to 6 college credits this summer!

### Past Candidate Reviews

"My month-long equine study abroad in Scotland was an incredible experience that blended classroom learning with cultural exploration. We studied equine anatomy, physiology, and fitness in a hands-on, engaging way while surrounded by stunning Scottish landscapes. Highlights included visiting the iconic Kelpies and attending the Royal Highland Show, where we saw Scottish agriculture and horse culture up close. I gained a deeper understanding of the global equine industry and connected with classmates who shared my passion. This program gave me a fresh perspective on my studies and memories I'll always cherish. I highly recommend it to any animal science student." - Anja D. (University of Missouri)
